Last year - as we emerged from lockdown - our Rector started the festival of faith and hope. It was conceived as a time where the church could re-welcome re-think and re-imagine the life that it plays here in Leighton Buzzard. This year the task continues.

All Saints continues to welcome everyone to a festival of faith and hope. We find ourselves in a world more in need than ever of warmth and welcome, so come and join us in poetry, music, faith, silliness, joy, and a chance to connect as we meet together over the weekend.

3pm - Theology not in the Pub

A few of us meet occasionally the pub to talk about God. The idea was to make a space where we could ask the difficult questions share our doubts and our joys, but most of all a space to talk about God and faith. This will be a chance to join in some of those conversations so bring your thoughts and come along.

4pm - Making our Prayers
